Stellarvision Inc.

Stellarvision

IDENTITY We provide intelligence solutions based on **SAR satellite data & AI analytics.**

KEY ACHIEVEMENTS

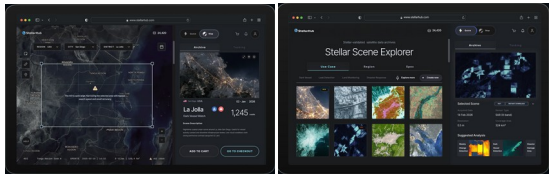

1 10+ Satellite Data Partners

Virtual constellation: satellites — SAR · EO · Hyperspectral in one platform

BLACKSKY · PASCO · Capella · WYVERN · Vantor · iSi · UMBRA · IMPRO · PALEBLUE R5

2 StellarHub — Launching Q4 2026

All-in-one platform, search · purchase · AI analysis

3 Land Monitoring Delivered

LandSight supplied to **K-water** and **Jeju Airport** (Korea Airports Corp.) for illegal encroachment & land-change detection

4 Global PoCs with Partners

Indonesia dark vessel & mining
France DroneSAR with Thales
Ecuador PoC with local partner

5 300% annual revenue growth · USD 3M Pre-Series A

25+ contracts · 17+ patents & IP · ISO 9001 · DQ certified

CES Innovation Awards 2026 Honoree · Capella Space MEMBER Analytics Partner Program · NVIDIA Inception Program

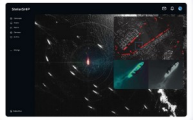

COOPERATION

1 StellarHub data partners (Q4 2026 launch)
Satellite operators & agencies joining our SAR / EO / hyperspectral data platform

2 Early-access customers
Defense, government & enterprise teams piloting StellarHub ahead of launch

3 Regional resellers & SI partners
Distribute StellarHub and run joint PoCs

Solutions ready for joint PoCs

StellarSHIP
Dark vessel detection

FluidVision
Pipeline leak detection

DisasterMap
Post-disaster monitoring
